

Response to Questions Received on RFP

Question 1: I was reviewing the RFP for Management Services for Sonoma Mendocino Economic Development District, and it mentions that there is an attachment outlining how you would like responses supporting the SOW, but I do not see an attachment. Please forward me any information on how you require our response to be outlined or organized. Also, is there a cut-off date for questions to be submitted?

Answer 1: That section is referencing the “scope of services” section above in the RFP. There is not an additional attachment. For questions, the date for submittal is November 10th.
